The Global Action Team is uniquely positioned as the best resource to help you achieve MGDION 1.5 targets and foster membership growth. Learn more about your individual roles and responsibilities for MGDION 1.5 and as a GAT leader below.

GAT priorities

Membership growth, leadership development, and service are crucial to the success of any Leo or Lions club. To help clubs continue their growth, the GAT has prioritized the combined strategies of the Global Membership Approach, MGDION 1.5 and our district goals process.

The Global Membership Approach equips districts with a strategic process focused on rejuvenating districts with new clubs, revitalizing clubs with new members and re-motivating existing members with fellowship and exciting service to help districts achieve their MGDION 1.5 targets.

By aligning the approach with this global membership initiative, districts will develop their own unique opportunities and distinct paths to grow membership, strengthen clubs and increase service. This is done by developing district goals and action plans that are directly tailored to support membership development, leadership development, service activities and LCF. Action plans to support MGDION 1.5 targets will be submitted through the District Goals process.
